Nothing is yet settled with regard to the office of United States Treasurer, and it is said at the White House that no appointment will be made to-day. Trescurer Jordan spent yesterday in Washington and had interviews with the President and Secretary Fairchild. He returned to New York last night.

Bank-Examiner Hyatt, of Connecti cut, who has been mentioned as Jordan's successor, called on Secretary Fairchild this morning in company with ex-Senator Barnum. These two gentlemen also called on the President. Hyatt subsecalled on the Fresident. Hyatt subsequently visited the Comptroller of the Currency, who is his immediate official superior. pondence of the Richmond Dispatch.] HAMPDEN-SIDNEY, May 6, 1887. At the recent meeting of the Board of Directors of Union Theological Seminary just closed eighteen out of twenty-four of the trustees were present. Rev. J. W. Primrose, of North Carolina Synod, was elected a member of the Board of Trustees. According to the treasurer's report

the finances of the institution are in a healthful condition. The librarian's report showed that there were over 14,000 volumes in the library, 280 volumes have been purchased, and 105 volumes given during the year.

The faculty's report showed that there were 59 students in the seminary-viz. is Seniors, 17 of the middle class, and

Mr. Stockton T. Mosby, of the senior class, died during the session. This is only the second student that has died here since the seminary was founded, and neither of these died from any cause incident to the locality. A committee was appointed by the board to consult with the college au-thorities as to the establishment of a sympasium by the two institutions.

It was resolved "that while not dispproving of students exercising their ifts in preaching during the sessions when it does not interfere with their studies, the board would yet direct that no student make an engagement to preach without permission from the aculty."
The officers for next year are: Presi

Rev. J. W. Primrose was elected to make the next annual address, with Rev. W. E. McIlwaine as alternate.

The Society of Enquiry was address-ed by Rev. T. D. Witherspoon, of Louisville, Ky., on the "open door and the many adversaries "—the op-portunities and advantages the young man entering the ministry has, and on the other hand the difficulties and dangers he has to encounter. Among these last the speaker bandled with some se-verity, "the wild and irresponsible evangelism" of the day.

The address before the Alumni was

It will be re-membered that Dillon and other members of the league were closeted in a room in a hotel at Loughrea receiving and receipting for moneys paid them as trustees by tenants under the plan of campaign. The police, without warning, broke into the room and by force took from Dillon the money and papers he had in his possession at the Dillon at once had the inspectors, who were responsible, arrested, the plaintiff taking the ground that he was not violating any law and that the action of the police was an assault un-warranted and illegal.

The banquet was both elegant and bountiful. The wine lowed freely, and peace and plenty in

Other Church Notes. The memorial chapel at the Confede rate Soldiers' Home, a full discription of which was published in the Dispatch of Sunday morning, was formally dedi-cated to the worship of God that day. The afternoon abounded in thunder-storms and heavy rain-showers, but despite these the edifice was crowded to its utmost capacity, and many who braved the weather to witness the in-teresting exercises incident to the occa-sion were unable to gain admission.

The exercises began at 4 o'clock, and the published programme was faithfully carried out. The dedicatory sermon was preached by Rev. Dr. Hoge, and it was one of the most able efforts of this distinguished divine. It was eloquent, appropriate to the occasion, and was listened to with deep interest. Among other ministers participating in the ser vices were Rabbi Harris, Rev. Dr. Landrum, and Rev. Messrs. Cutler, Evans, Schaeffer, and Jackson-representing the various denominations. The musical programme, under the direction of Mr. Jacob Reinhardt, was exceedingly well rendered. Captain Frank W Cunningham sang two solos with his accustomed sweetness and pathos. The sermon of Dr. Hoge contains matter of permanent interest, and the Dispatch will publish it in full as soon as it can make room for it.

Regions.
Washington, D. C., May 9.—Dis patches from different points in the anthracite-coal region are about equally divided in the opinion as to the probaility of a general strike of n throughout the region for an advance in wages. The Knights of Labor and Amalgamated Association are at odds. Both favor a strike, but cannot agree upon the conditions. The Knights in the employ of the Reading railroad oppose the strike until the miners have all joined the Knights. Merchants and siness-men do not regard the movement with much favor, and many of them say they will refuse to sell goods on credit if the strike takes place.

A Socialist in Trouble. PHISBURGH, PA., May 9 .- Walter W. The Diamond is in the centre of the city, and the speech had attracted a large crowd. Vrooman said "the American flag was a pole with a rag to it." (By telegraph to the Dispatch.)

New Yors, May 9.—The stock market to-day was again dull and nearly featureless. A variety of causes, including the inexplicable hank statement, anxiety still remaining in regard to the effects of the inter-State law, and the election of Spock Exchange officers, which occurred to-day, contributed to this effect. Fluctuations were unusually narrow even for a dull day's operations, except in a few unimportant stocks, being confined to the efforts of remarked reto catch the small profits offering at times. London was a moderate buyer early in the day, but the margin for arbitrage operations was very small, and the demand from that source was insignificant. The sensation of the day was furnished by the drop of something over 8 per cent. In Forth Worth and Denver, only a small portion of which was recovered toward the close. The break was caused by a settlement with the shorts, and the pool in the stock is believed to linve disbanded. Wheeling and Lake Eric was be remarkably weak, but the movements in the ipo stock had little or no effect upon the general market. A reduction in sterling extended the present of the company of the day in the open of the day in the open of the day in the open of the present of the company of the present BALTIMORE.
